

# FABIO RAMOS – SOFTWARE DEVELOPER

Argentina | [LinkedIn](#) | [fabioramosnic@gmail.com](mailto:fabioramosnic@gmail.com) | [GitHub](#) | [Portfolio](#)

## Profile Summary

Results-driven Software Developer with over 5 years of experience. Developing applications using **React.js**, **Node.js**, **TypeScript**, **SQL**, and **PowerBuilder**. Proven track record in the **financial sector** delivering **secure, high-performance systems**. Strong focus on **Front-end development**, **clean code**, **responsive UI/UX**, and **scalable solutions**. Expert at translating complex requirements into effective digital products.

## Work Experience

### Software Developer | CENSYS S.A. | Arg. | Dec. 2023 – Jul. 2025

- Implemented critical banking modules using **PowerBuilder** and **SQL** (Creating stored procedures, table management and performance tuning, building complete interfaces, and handling large volumes of data). Designed efficient data flows for large-volume of data.
- Delivered **Front-End** and **Back-End solutions** for tools **improving productivity by ~40%**.
- Diagnosed & Fixed bugs and optimized UI, **improving usability and accessibility by ~25%**.
- **Improved system performance by 60%** across payments, reporting tools and data queries.
- Provided onboarding and training for new developers, accelerating team integration **by 30%**.

### Front-End Engineer Intern (Web UI) | Globant | Arg. | Jul. 2024 – Oct. 2024

- Developed web systems using **React.js**, **TypeScript**, **TailwindCSS**, and **Zustand** **implementing strict typing for scalable codebases**.
- Collaborated on **performance** and **accessibility improvements**.
- Optimized UI components, **reducing load times by ~20%**.
- Used **GitHub Projects** and **Agile workflows** to **manage tasks and features** in sprints.

### Full Stack Developer – MERN | Freelance & TecnoLine | Arg. | Ene. 2021 – may. 2024

- **Led 5+ full-stack projects end-to-end** and delivered **10+ frontend-focused applications**, **boosting performance and client KPIs by ~30%**.
- Partnered directly with clients to **capture requirements**, design UI/UX layouts, and build **scalable web solutions**, maintaining a **client satisfaction rate above 90%**.
- **Developed custom solutions** integrating **modern Front-end libraries** and **own build RESTful APIs**.
- **Managed complete project** lifecycles in **agile settings**, coordinating with multidisciplinary teams to ensure on-time delivery and **high-quality outcomes**.

## Technical Skills

- **Frontend:** React.js, Next.js, JavaScript, TypeScript, TailwindCSS, HTML, CSS, PowerBuilder, Bootstrap, React Testing Library, React Hooks, React Router, ES6+
- **Backend:** Supabase, SQL, NoSQL, Python, Node.js, Express.js, MongoDB, JWT, CI/CD, Swagger, Sybase, Docker, DB Normalization
- **Tools & Methodologies:** Git, GitHub, Jira, Postman, Canva, Figma, Trello, Vercel, Render, Heroku, Scrum, Kanban, Looker Studio, Data management, Excel

## Languages

Spanish (**Native**), English (**Professional Proficiency**), Portuguese (**Basic**), Japanese (**Basic**)

## Education

- California State University, Northridge – Digital Companies & E-business revolution (**2025**)
- National University of Tucumán (UNT) – Diploma in Organizational Data Science (**2025**)
- National Technological University (UTN) – Systems Engineering (**Ongoing**)

## Certifications

- Management and Processing of Organizational Data (UNT) – **2025**
- Cloud Computing AWS (Coderhouse) – **2025**
- Business English (C1) (CSUN) – **2025**
- Data Science using Python (UNT) – **2025**
- Statistical tools for data science (UNT) – **2025**
